

# Thank you for downloading this resource!

Follow these simple steps to get started

1. Open the .psd file inside Photoshop (minimum version required: CS4)
2. On the Layers palette locate the smart layer named "Put Your logo here". Double click on layer thumbnail to open the smart object container (.psd file)
3. Inside the .psd file you can find a placeholder logo used for demonstration. Hide or delete the placeholder logo, then drag&drop your own logo in place.
4. Save and enjoy!
